To whom this may concern,

I am writing to recommend the services of Joe Burruss, owner of Redding Bookkeepers. Joe has been working with me for the past two months as consultant and bookkeeper. His knowledge and attention to detail have singularly aided in getting our company's books back in order. Joe brings to the table fresh and innovative ideas to easily track each expenditure as well as putting into place a comprehensive tracking system for each facility enabling a cost breakdown for each transaction for profitability.

I feel confident in recommending Joe's accounting services. He is not only thorough, but also easy to work with, and always willing to take the time to discuss my concerns and respond to questions.

If you have any further questions, please feel free to contact me.
